The QIQS/APS 2007 Breeze can be found on the APS Instructional Portal. Go to [www.atlanta.k12.ga.us](http://www.atlanta.k12.ga.us) and click on the QIQS link.

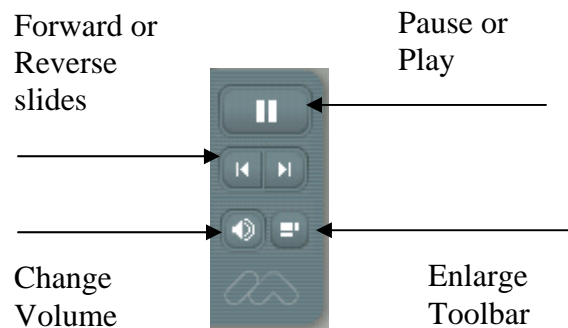

## Breeze Essentials

- In order for a Breeze Presentation to successfully be presented to a large group of people, make sure to check the following items.
  - Test the Breeze Show on the computer that you are presenting from. You may need to install or upgrade your Flash Plugin. If you need the plugin, you will be prompted to install. Follow the instructions or go to [www.macromedia.com](http://www.macromedia.com) and click on the Download Flash Player button at the bottom of the screen.
  - A live internet connection is needed to play a Breeze presentation online.
  - Make sure that you have speakers that are loud enough for the entire room.

## Playing a Breeze Show

- The Breeze show will play automatically and continue throughout to the end of the presentation.
- Use the Breeze toolbar to manipulate the show.

## Moving Between Slides

- When in the large toolbar mode, you will have access to an outline of slides.
- Use the following button to move between presentation modes. 
- Click on the slide that you would like to view.
- Click the Play button.
